## Assistance Application Procedure

### Funding is limited to girls with the most financial needs.

1. The parent/guardian submits an application form on behalf of the girl, to the Area office with her registration forms.
2. The National and Provincial portion of the registration fee will be paid directly by the Provincial office, funded through the SPRA grant and Cookie Membership Subsidy fund.
3. Uniform pieces and program book will be subsidized by the appropriate fund and delivered when they arrive. ( If you require a sizing chart – contact your area office). **This may take up to 8 weeks until delivery.**
4. The family is expected to make a contribution towards registration and additional costs to membership.
5. Subsidies are also available for camp and activity fees. Please apply separately for these events using the appropriate application form.
6. Contact your Area office if you require assistance.

***If we have supplied a uniform shirt, please consider making it available to others when it is no longer needed by returning it to the unit leaders or to your Area Office.***
